Special Dispatch to the Daily Eagle. LYONS, Kan., Oct. 29.-Senator Long appeared tonight before the finest audience ever assembled in Lyons. The opera house was packed like a sardine box, and tremendous and almost continuous applause greeted the speaker throughout the meet ing. The speech was the most effective delivered here during the campaign. It is praised by the Democrats, and even the third party men concede that Mr. Long is a powerful and impressive speaker.

This evening there was a grand torch-light procession, calling into use all the orches in the county, and also a splendid display of fireworks, supervised by Colonel Ricksecker of Sterling. A teature of the parade was a brigade of young ladies with Chinese lanterns. The streets were crowded with people, there being a large attend-

nnce from the country.

The Republicans claim that they will carry the county, and People's party men concede that their opponents have made large gains. The people have become tired of Simpson's theatrical antics, and he is generally pronounced of small caliber. The Russians and Germans, who support-

him, and the outlook pressages victory for the whole Republican ticket.

If this part of the district is any criterion by which to judge the total vote, they might add that he is that many thousand behind the Republican vote; for if any-thing ever did indicate a wholesale ma-jority, the feeling here certainly indicates it for the Republican ticket this time, and for Mr. Long especially.

MILWAUKEE, Wis., Oct. 29.—When the sun came up out of Lake Michigan this morning he shed no light upon the southeastern portion of Milwaukee. There was a brighter light there than he could furnish, and it had been there for ten long hours, and it will be there still when Old Sol has done a good day's work and gone to rest. These ten hours were big with fate for Milwankee. In them was crowded the destruction of what it will take as many months to rebuild, and much of the work wrought by the flames can never be repaired. At twenty minutes of 6 o'clock last night oil exploded from some unknown cause in the store occupied by an oil com-pany at 275 East Water street, and the fire that ensued swept over thirty blocks of business houses and residences—over 300 buildings in all-caused the loss of five lives and severe injuries to several people, and destroyed property valued at six millions of dollars.
